2W LIVESTOCK EQUIPMENT

2W Livestock Equipment: Premier manufacturer of top-tier Livestock Handling Equipment, including Cattle Panels, Cattle Gates, and Manual Squeeze Chutes, showcasing our commitment to quality and precision in livestock management.

RUSTLER LIGHT DUTY SERIES

Tailored for light penning and handling and constructed from 18-gauge 1/2" diameter steel tube. With a universal chain latch connecting system, it seamlessly integrates with pre-existing systems or posts.

- Light Duty Panels
- Light Duty Gates
- High Pole/Box Gates
- Gate-In-Frames
- Gate Panels

THRIFTY MEDIUM DUTY SERIES

Sturdy 16-gauge 2" diameter steel tube construction, renowned in North America for its heavy-duty gate hinges and chain latch connecting system.

- Medium Duty Gates

RUSTLER HD MEDIUM DUTY SERIES

Tailored for penning and handling, this design uses robust 16-gauge 2 3/8" steel tube, with standard J-Leg stability supports for wet ground resilience.

- Medium Duty Panels
- Medium Duty Gates
- High Pole/Bow Gates
- Gate-In Frames
- Gate Panels

DIAMOND RANCH SERIES

Ideal for low-stress livestock handling and portable pens, the Diamond Ranch series features vertically angled square tube rails with unique spacing for optimal cross-panel strength.

- Light Duty Panels
- Fence Line Gates

LEMSCO MEDIUM DUTY SERIES

For medium stress cattle handling assemblies. Constructed of 14 gauge - 1 1/2" diameter steel tube.

- Medium Duty Panels
- Medium Duty J-Leg Panels
- Medium Duty Farm Gates
- Medium Duty Mesh Gates
- High Pole/Bow Gates
- Gate-In-Frames
- Gate Panels
- Alley Control Gates
