

CROSS COUNTRY CANADA SUPPLIES & RENTALS TEMPORARY STAIRS

CONSTRUCTION • PIPELINE • MAINTENANCE

Stay ahead of the game with our instant and secure temporary staircases, a step above the rest compared to traditional wooden worksite steps or standard ladders.

Our selection of 6, 9, 12, and 15-step models are designed with safety and efficiency in mind. They are quick and easy to install, and offer a secure and stable footing for workers. The sturdy metal construction ensures that they are durable and long-lasting, providing a safe solution for your job site needs.

Don't settle for less when it comes to safety and efficiency – choose our temporary staircases to keep your project moving forward.
